

## L19 Activities D1

1. A wants to buy some postcards and stamps at a post office.

A	B
Tell B that you would like to buy 5 postcards and 10 five-dollar stamps.	Tell A that each postcard costs 7 dollars, so the total is _____.
(Give B a \$100 bill.)	Tell A that you're giving him _____ for change.

2. A, an American overseas student in Taiwan, is at a post office talking to a post office clerk.

A	B
Ask how much it will cost to send a letter from Taiwan to the United States.	Answer (\$18 NT dollars).
Ask how long it will take.	Answer (a week).
Tell B that you would like to buy a \$18 stamp (and give B a \$_____ bill).	Give A \$_____ for change.

3. A would like to send an important letter from Taipei to Tainan.

A	B
Tell B that you would like to send a letter to Tainan.	Ask if B would like to send it by regular mail or express mail.
Tell B that you would like to send it by express mail because it is an important letter, and ask how much the postage is.	Tell A that it will cost 12 dollars.
Tell B that you also want to send it by register mail.	Tell A that it will cost additional 14 dollars.
Ask how much it is altogether.	Answer.
